

Math Teacher – Long Term Substitute – starting November 30

Cranbrook Kingswood Upper School is seeking an AP Statistics teacher to take on all responsibilities related to teaching two sections of AP Statistics and two sections of Algebra II for several weeks, likely extending through the end of the semester in late January. Responsibilities include lesson preparation and delivery, extra help for students, writing, grading, and proctoring assessments including the semester exam, collaboration with other teachers, and upholding school standards of community and conduct. Pay: \$1000/week. If interested, please contact Jacob Hazard at jhazard2@cranbrook.edu Please note that the individual selected for this position will be engaged via EDUStaff as part of Cranbrook's substitute teacher pool.
