

Program Presenter

Program Presenters perform various educational demonstrations and programs for the museum and outreach visitors. This will include delivering educational programs to scout groups, museum visitors and offsite classrooms both in-person and remotely to audiences in SE Michigan. Explain basic science principles illustrated in the exhibitions or class material and perform demonstrations and/or facilitate program content in the museum or for offsite programs. Assist visitors of all ages with learning techniques, including procedures for experiments, hands-on exhibit interactives, or other activities. Be responsible for the daily care and maintenance of equipment used. Will facilitate offsite programs which require driving a CIS vehicle. Deliver programs at the museum which include occasional evening, holiday, and weekend hours. Other duties as assigned. Requirements: A High School Diploma or GED required. Completed college level science, social science or education courses a plus. Experience working with children and adults in a formal or informal setting. Mature and professional attitude; reliable. Enthusiasm for the subject and an eagerness to share that enthusiasm with learners of all ages. Experience with upper elementary and middle school students preferred. Knowledge of one or more areas of science is preferred. A valid driver's license with satisfactory driving record is required.

There are multiple openings to be filled for these grant-funded positions, that run through June 30, 2021. Schedules for Program Presenters will vary, and may require weekend, holiday, and/or evening assignment. Work hours will vary but could begin as early as 5:00 am or run to as late as 11pm.
